

# OUTLINE India

Social impact through data

We understand that you could not make it to our 3rd Anniversary Celebration. We would like to share a short video on our 'Journey so far', which will take you through some of our major projects in the last three years and familiarize you with our core team.

As Outline India celebrates its 3rd Anniversary, team members share some of their more memorable experiences from the field. For more videos- <https://www.youtube.com/channel/UCEDJ...>

We hope to see you next time. Please write to us on [contact@outlineindia.com](mailto:contact@outlineindia.com) regarding any queries or for further information on our services.

Looking forward to working with you in the near future.

Best,

Outline India team
