

UPDATA | September Newsletter 2023

Dear Ankeshita Caleb,

Welcome to the September edition of Outline India's newsletter!

As the summer sun gives way to the gentle embrace of autumn, we are excited to share with you the incredible strides we've made in the field, the unwavering dedication of our remarkable field staff, and a glimpse of our next adventurous footsteps.

At Outline India, our mission has always been to shed light on the stories and lives that often remain hidden from the mainstream. This month, we are proud to bring the spotlight to the foot-soldiers of our organization — **Our Field Staff**.

They are the heartbeat of our operations, bridging the gap between **data** and impact.

-Team OI

FIELD TRAINING

Our recent field team training session was nothing short of remarkable, bringing together over **70** dedicated individuals committed to making a difference. It was a vibrant exchange of knowledge, expertise, and experiences, all aimed at enhancing our collective impact. During these sessions, our **field team** members honed their skills, learned new methodologies, and deepened their understanding of the communities we serve. The enthusiasm and passion that filled the room were truly inspiring, and it reaffirmed our commitment to our mission.

Field Training | 70+ individuals

Uttar Pradesh

DATA COLLECTION

Following rigorous field training, we undertook a **data** collection survey across **Odisha, MP, Haryana, Uttar Pradesh, Jharkand and Kerala.**

To get a clear and accurate picture of the ground realities, we equip our teams with the necessary skills and training to gather **data** effectively and ethically. With a keen focus on accuracy and thoroughness, we conducted surveys that encompassed diverse aspects of research, enabling us to provide valuable insights for **decision-makers.**

JOURNEY OF OUR FIELD STAFF

We tried to capture the essence of the remarkable work our field teams do. Watch their unwavering dedication as they traverse communities, collect vital **data**, and make a lasting impact in this video. They are the catalysts in achieving our goal to bridge the gap between **data** and change, one community at a time.

This is their story, and it's one of compassion, courage, and transformation.

Watch

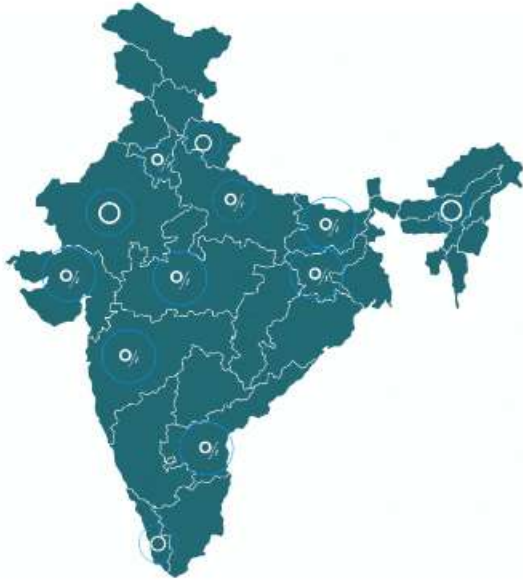

CONVENTION

It was a remarkable experience to be a part of the recently held **B20 summit** in Delhi, where renowned designers showcased their creative brilliance. The event was a harmonious fusion of innovation and tradition, celebrating India's diverse heritage. It served as a platform for forging international collaborations and strengthening India's economic ties, emphasizing the country's significance on the world stage. This event underscored the vital role of the B20 in shaping India's future and facilitating productive dialogues between businesses, government officials, and thought leaders, all contributing to **India's growth and development on a global scale.**

OUR NEXT FOOTSTEPS

Over the past few months, Outline India has embarked on an extensive **data** collection journey across diverse regions of India, including **Andhra Pradesh, Madhya Pradesh, Uttar Pradesh, Maharashtra, Delhi NCR, Bihar, Gujarat, Jharkhand and Haryana**. Our dedicated field teams have worked tirelessly to gather valuable insights and **data**.

As we look ahead, we are excited to announce that our next destination is set to encompass the vibrant states of **Kerala, Assam, and Rajasthan**. Stay tuned as we continue to bridge the gap between information and impact in these unique and dynamic communities.

Bishowambhar Mishra
Field Manger, Outline India

BISHOWAMBHAR MISHRA

Working with Outline India for as long as the existence of the organisation, Bishowambhar has led multiple field teams in the last **10+ years**.

An expert in **field management**, he has a wide network of staff who are not just happy to work with him, but also hold a lot of trust and respect for the man. Bishowambhar, jokingly addressed as the "*Karta Dharta*" of our field missions, has worked across **Bihar, Jharkhand, Madhya Pradesh, Uttar Pradesh, Chhattisgarh, Uttarakhand, Punjab, Delhi, Haryana, Rajasthan, Gujarat, Odisha and Maharashtra.**

"I have been undertaking field missions with the researchers for so many years now. The kind of work we do is slowly but surely creating an impact that will be seen by us in the near future. **Data** Collection is not easy, but with Outline, it is definitely accurate."

HEAR IT FROM TEAM OI

At Outline India we train and empower enumerators to facilitate field **data** collection and other research responsibilities.

For the ongoing projects in various locations, one of the enumerators, **Jyoti**, expressed her perspective by stating, "**Outline India provides an excellent platform for learning. I thoroughly enjoy my research-related responsibilities. Engaging with individuals in the field, interacting with them, contributes significantly to knowledge sharing and the accumulation of valuable experiences.**"
